Cattle Producers,

Welcome and thank you for your interest in our program. I believe this is the most uniform, powerful bulls we have ever offered with many favorites throughout. Our goal is to produce easy calving, high maternal, easy fleshing, functional cattle that will work in the harshest of environments. With little moisture this past summer, we are very proud of how these guys performed.

In using some of our own bulls and bulls that have sold in our past sales, it is very exciting to see they are capable of hanging with big name AI sires. I feel there are several bulls throughout this offering that can compete with the best.

As you study this catalog, you will see the focus on calving ease, functional, low maintenance cow makers with good performance. I don't believe in playing the numbers game, but rather focus on traits that "make sense" to help your program become a more problem-free, profitable business.

These bulls are not pushed and pampered, but grown out slowly on a high roughage diet to ensure soundness and longevity. If a foot or structural problem is brought to our attention, we feel we stand behind our bulls as well as anyone in the business. All of our bulls are covered with a first breeding season guarantee and we will do our part to help ensure your experience of owning a Schauer bull is a positive one.

Thank you and look forward to seeing you on sale day.

Sincerely, Bryant Schauer

Playbook calves have risen to the top of calf crops across the country. They are quiet tempered, deep bodied, structurally correct with exceptional eye appeal and performance. A proven low birth weight, calving ease sire who does not sacrifice body dimension or growth. Very unique to see these kind of numbers and be a positive for energy.
